

LEADERS IN HEALTHCARE

Solutions Delivered with Integrity,
 Quality and Value

C2C Innovative Solutions, Inc. (C2C) provides a broad range of healthcare administrative and support services, including medical review, claims-appeals management, document digitization and a process-focused pathway for all of our work. At C2C, we emphasize measurable outcomes achieved through a structured, process-driven approach.

CLAIMS/APPEALS MANAGEMENT

As a Centers for Medicare & Medicaid Services (CMS) Qualified Independent Contractor (QIC) for over 20 years, C2C manages medical claims at the second level of the Medicare appeals program by adjudicating appealed QIC cases in the majority of QIC jurisdictions i.e.; Part A East, Part B North, Part B South, Part C, Part D Prescription Drug Benefit and Late Enrollment Penalty Appeals.

Our CMS QIC expertise offers the ideal skills needed in Veterans Health Administration (VHA), Veterans Benefits Administration (VBA) and the Defense Health Agency (DHA) projects related to appeals and independent review.

C2C STRENGTHS

- Over 4.1 million cases processed, comprised of more than 8 Million claims
- Extensive knowledge and experience in the medical review process
- Vast medical appeals and arbitration experience
- Access to a vast network of physicians, healthcare professionals and attorneys
- Experienced in processing nearly 1 million transactions per year, both federal and state
- Experienced in participating in thousands of legal administrative law judge proceedings per year
- Certified Professional Coders
- Robust compliance programs
- Recipient of six CMS excellence awards
- High volume digitization solutions

DOCUMENT CONVERSION SERVICES

With vast experience processing hard-copy documents and varying electronic media, C2C converts billions of scanned pages into thousands of digitally viewable PDF records that meet rigorous quality and

timeliness requirements, per National Archives and Records Administration standards.

- » Industry-standard, high-speed, high-volume scanners that achieve greater data integrity for OCR, independent dispute resolution, validation and other functions
- » Highly adaptable document classification process with customizable indexing approach
- » Automated imaging and indexing processes, safeguarded using our Authority to Operate (ATO)-approved security architecture

INTERNAL/EXTERNAL MEDICAL REVIEW

Our national panel of more than 2,000 physicians, nurses and other healthcare professionals are proficient in applying applicable statutes, laws, regulations, policies and guidelines to the facts of each case. With over 900 licensed physicians with board certification in every American Board of Medical Specialties specialty across the United States, we achieve 99% timeliness and quality in decision-making.
